

RECONNECT US

- 1 Fragments of creation
pieces, no connection
out of touch and out of place
so much time and so much space

*Reconnect us, resurrect us,
make us human please
Reconnect us, resurrect us,
stretch your arms between us*

- 2 Hiding in the garden
silent to the question
so much fear and so much doubt
take our arms and stretch us out

CHORUS*between us - please!*

Robin Mann © 1984. At the Lutheran World Federation's Assembly in Budapest, I assisted with the presentation on Disability. The group decided to present their report primarily as drama. I wrote this song to conclude the presentation.
