

LIKE A WEDDING FEAST

1987. Pictures of heaven are often unappealing. Jesus described it in several places as a feast, and this song, with its uptempo rock'nroll style, attempts to portray something of the joy of the occasion.

1. Everything is ready, everything is done,
Celebrate the new day with the risen one.

You can come and join him at the party.
Jesus says it's like a wedding feast.

2. Jesus put together what was split apart;
Now he offers true love for the broken heart. (chorus)

BRIDGE

Some who are invited may refuse him,
Never know the peace and joy he brings.
But if you're found, you never want to lose him;
Jesus gets it right, every moment right.

3. "Come to me you weary, I will give you rest;
Lay your burden on me,
put me to the test."(chorus & bridge)

4. We may be in trouble, we may be in pain;
Jesus' food and drink will make us strong again.
(chorus – last line three times)
